A forenoon and afternoon session will be held today, at which a number of addresses will be delivered and to which the public is invited.

SHERIFF OWENS VISITS JAMESTOWN

LARGE NUMBER OF PROSPECTORS IN NEW CAMP TO THE SOUTH.

Sheriff J. J. Owens returned yesterday afternoon from Jamestown, the new camp about thirty-five miles east of Goldfield.

"There are about 400 people in the camp at present," said Mr. Owens last night. "The townsite company is leveling up the streets and the place presents a pleasing appearance. The entire district is heavily mineralized and there are a number of good ledges rapidly being developed. Prospecting is being rapidly done, and a large number of shafts are being sunk. From every indication the camp is a comer."

EXPRESS THEIR APPRECIATION

To our many friends and the citizens of Tonopah—

Appreciating as we do the great kindness extended to us in coming to our aid in our time of distress, we desire to express our heartfelt thanks through the columns of the Daily Bonanza, to the people of Tonopah, who so generously contributed, and to the members of the various trade unions who constructed a home for us in place of the one recently destroyed by fire. Words fail to convey all we desire to say, but ever in our hearts shall we remember the kindness extended us by the dear people of Tonopah.

MRS. LAURA EGAN,
MRS. IDA O'BRIEN,
MISS AGNES FULLER.

CASE IS BEFORE JUDGE BRISSELL

W. E. Higman, Jr., appeared in Judge Brissell's court yesterday on an alleged embezzlement charge, sworn to by James D. Brackett. Both parties are from Rhyolite. The case is a complicated one and is hinged on money placed in trust in Higman's hands by Brackett. Assistant District Attorney Alling represents the State, while Higman is represented by Walter Cole. It is expected that it will be finished today.

NEGOTIATING FOR ELECTRIC POWER

The citizens and business men of Manhattan and Round Mountain are now negotiating with the Nevada-California Power Company for an extension of their lines to those two camps. The number of mills going up in both places and the activity in mining circles has necessitated the installation of electric power.

WEATHER DID NOT STOP THEM

TONOPAH LADIES WERE OUT EN MASSE TO ATTEND THE COOKING SCHOOL.

The disagreeable weather yesterday afternoon did not deter the ladies from attending the cooking school. About ninety of Tonopah's society women were present and thoroughly appreciated the instruction given by Miss Tracy and the delicious samples served at the close of the lesson. To broil a steak properly was part of the theme and when it is done well, as was demonstrated by Miss Tracy, it is delicious. The steak broiled was two inches thick. After lighting the oven burners for five minutes the steak was put in the broiler and placed close to the flame, which was hot enough to instantly sear the surface. When both sides were seared the heat was reduced and the steak cooked more slowly for fifteen minutes. In the bake oven, which is heated by the same burners, Miss Tracy baked some flaky biscuits, thus utilizing all the heat from the oven burners. Some delicious cream puffs, which were cooked at the beginning of the lesson, were served for desert. The next lesson will be on Friday afternoon at 2:30 o'clock; subject, "Entrees."
